### FEMA Disaster Declaration for February 2019 Severe Winter Storm, DR-4431

On 05/02/19, FEMA announced that federal disaster assistance has been made available to the State of California to supplement state and local recovery efforts in the areas affected by severe winter storms, flooding, landslides and mudslides from 02/13/19-02/15/19. Federal funding is available to the state and eligible local governments, and certain private nonprofit organizations on a cost-sharing basis, for emergency work and the repair or replacement of facilities damaged by severe winter storms, flooding, landslides and mudslides in Calaveras, Colusa, Marin, Mariposa, Mendocino, Modoc, Napa, Riverside, Santa Barbara, Shasta and Trinity counties.

### April 2019 Measles Outbreak

On 04/22/19 at 1646 hours, the California Department of Public Health (CDPH) and California Emergency Medical Services Authority (EMSA) activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the April 2019 Measles Outbreak.

As of 05/02/19 at 1600 hours:

- 40 confirmed measles cases, including 28 outbreak-associated cases, have been reported.
- Per the Los Angeles County Medical Health Operational area coordinator (MHOAC) release letters have been sent to the remaining UCLA students that were under quarantine.
- 70 quarantined at Cal State LA until 05/02/19.
- Counties with reported Measles cases include: Orange, Sacramento, Los Angeles, Placer, San Francisco, San Mateo, Santa Clara, Santa Cruz, Butte, Calaveras, Shasta, Tehama, and Sutter.
- MHCC received 14 situation reports from different counties – no resource requests at this time.
- MHCC next situation report will be this Friday, 05/03/19 by 1700 hours.
- MHCC will be conducting coordination conference calls related to this outbreak.

### Activations

- Los Angeles County Public Health Department Operations Center (DOC) is under virtual activation.
- CDPH MHCC is activated 04/29/2019 through 05/03/2019, 0800 to 1700 hours.
- Alameda County Public Health DOC is partially activated to manage coordination and communication.

# **SITUATION SUMMARY**

## **Cal OES INLAND REGION**

### **Potential Dam Failure, Lake Van Norden Dam, Nevada County**

At 1432 hours on 04/30/19, the California State Warning Center was notified of a potential failure of The Lake Van Norden Dam by the Nevada County Office of Emergency Services (OES). A sinkhole has formed on the last quarter of the dam's spillway.

- Per DSOD on 05/02/19 at 1720 hours, the efforts to fill the sinkhole have begun, the sinkhole is anticipated to be filled by tonight or tomorrow.
  - The hole will be lined with filter fabric and filled with approximately 100 cubic yards of 2-inch to 6-inch rock.
- Once the repairs are completed DSOD and the Dam owner will reassess the Emergency Activation Plan (EAP) Activation.
- The situation now stable and failure of the dam is not imminent.
- Per Nevada County OES, there is no risk to the downstream communities at this time.
- The dam was monitored at 2200 hours and 0400 hours overnight.
- A sandbag wall was built around the sinkhole, effectively diverting water from the area.
- The sinkhole was examined and found to be 19 feet wide, 15 feet long (up- to downstream), and 8 feet deep.
- There is no erosion moving towards the dam.
- DSOD has estimated that the dam has a current capacity of 175 acre feet.
- The Cal OES Dam Safety Planning Division and Inland Region will continue to monitor and coordinate with DSOD through the duration of the incident.

## **Cal OES COASTAL REGION**

- Nothing significant to report.

## **Cal OES SOUTHERN REGION**

- Nothing significant to report.

## FIRE ACTIVITY

### Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

# CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

## 911 Outages/Remote/Community Isolations:

- None reported.

## Service Interruptions:

### **Charter Communications, Potential Intermittent National Outages (New / Final)**

On 05/02/19 at 1052 hours, the Cal OES CA 9-1-1 Branch reported Charter Communications is having intermittent service interruptions that may affect 9-1-1 services.

- Potential Outages began on 05/02/19, 0614 hours.
- Outage resolved on 05/02/19, 1231 hours
- This intermittent 9-1-1 access affects mostly commercial customers, but some residential as well.
- Charter believes the service interruption was caused by equipment failure.
- Details to the extent of the service disruption were not provided by Charter.

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Dry with fair skies today with daytime highs today are forecast above normal for this time of year.
- Above normal daytime temperatures becoming much warmer by the end of the week.
- Chance of northern Sierra showers Saturday then more widespread, mainly mountain showers Sunday.
- Sierra showers possible through the remainder of the week.

## **SOUTHERN CALIFORNIA**

- High pressure will keep temperatures near seasonable levels today and Friday with some night and morning low clouds and fog.
- Sunday and Monday, low pressure will bring cloudy and cooler conditions with the threat of showers.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

**2019-LAW-1519 05/02/19, 1215 hours:** The International Emergency Response Coordination Center (IERCC) reported an InReach activation near the summit of Mt. Shasta in Siskiyou County (41.409198N, 122.194877W). The registered owner's emergency contact, his wife, advised that her husband and his friend (41 and 42 years old) were said to be skiing in this area. CalOES Law Duty Officer (LDO) made contact with Siskiyou County Sheriff's Office and provided them with the necessary details to begin Search and Rescue efforts. At approximately 1320 hours the Siskiyou County Sheriff's re-contacted and advised that it was a False Activation. **MISSION CLOSED**

**2019-LAW-1525, 05/02/2019, 1340 hours:** IERCC reported a SPOT activation in Los Angeles County (34.368640 Long -117.862290), north of Cedar Springs, near Mount Williamson. The registered owner's emergency contact advised that it belonged to a 61 year old female, from Austria, who had begun a six month hike approximately three weeks ago. She was said to be a solo hiker. LDO made contact with the Los Angeles County Sheriff's Office and advised of the circumstance. Montrose Search and Rescue began search efforts soon after. At approximately 1745 hours, Los Angeles Sheriff's Office advised that the female had been located by Montrose Search and Rescue (SAR), in a ravine, uninjured, but required helicopter extraction. **MISSION CLOSED**

# Cal OES MISSION TASKING
